Please describe any situations where you posted a Notice of Disruption and how you resolved those situations:

There was a car accident in which the car had hit an electrical poll, resulting in loss of power at one of our advance poll locations, Calvin Park Library. The Advance Poll Deputy Returning Officer (APDRO) called to report the outage and indicated they were operating on backup power. Twenty minutes later the APDRO called to inform that the management team of the library made the decision to close the building. I contacted Elections Ontario (EO) headquarters, candidates, completed the Notice of Disruption Form and contacted Utilities Kingston to determine how long the outage was expected to last. Approx. twenty minutes after the decision was made to close the library and leave the building, the power was restored, and poll officials resumed services. I notified EO and the candidates of the restoration of services.

10. Additional Returning Officer Comments

- a) Did the e-poll books and tabulator help serve electors with disabilities more effectively? Please explain.

They were a significant help to all including people with disabilities as the waiting period was much shorter.

- b) Please describe any situation you observed where electors with disabilities used their mobile devices (e.g. phones, iPads and tablets) as an assistive device during the voting process. Were there any issues or concerns?

Many people used assistive devices, especially phones to show identification.

- c) Please describe other measures that you took to provide accessibility for electors with disabilities in your electoral district.

Placed chairs close to revision tables and voting tables to allow older electors or electors with disabilities to sit while waiting for their turn.
